

PURSUING GOD'S HEART

The life of David

God's Honor in God's People

PURSUING GOD'S HEART

1. Doing God's Work

- the resume for kingship was written while serving as a shepherd
- God cannot use later what I refuse to receive now
- pray for a heart that accepts God's work & pursues God's purpose

2. Defending God's Honor

- while God's glory is sometimes found in prevention, it is more often recognized by sinners in redemption
- God's glory is manifested through the preservation of his honor
- here, God's honor is in jeopardy such that his glory is hidden

3. Delivering God's People

- in God's presence, nothing in us stays the same
- God's might was displayed through his mercy by remaining faithful to the faithless

3. Delivering God's People

David is a savior who brings peace to those under judgment & life to those living under the threat of death.
