

### Questions for reflection – Acts 15

1. How should conflict be addressed among Christians? How have you addressed conflict? What might you learn from Acts 15 in this regard?

2. Peter admits he needed to change (cf. vv. 7-11). In what areas have you needed to change to align your convictions with the gospel? What are some areas that still need attention?

3. What do you love most? What is the evidence?

4. Spend time in prayer asking God to forgive you for not loving him as you ought and ask him to help your love for him grow.
