

Questions for reflection – Acts 5

1. Is the generosity in the early church (eg. 4:34-37) something that should continue today? If not, why not? If so, what could your small group do to cultivate a life of generosity?
2. Why was Ananias & Sapphira's sin so grave? Why did God judge them in this way? (consider a possible connection with Joshua 7)
3. What might you learn from these verses about how the church should solve problems? What part could you play in maintaining peace & unity in the church?
4. What can you learn from observing the way the early church responded to these different attacks?
