

## Questions for reflection – Acts 21

1. After reading this chapter (and perhaps considering previous chapters), what appear to be Paul's priorities? Should these priorities be true of all believers or only those called to full time missionary / evangelistic service?
2. Read Acts 21:4, 7, 8, 16 & 17. Compare these with Acts 20:4-6, 7. Considering these verses, what gave Paul encouragement & strength to carry on? When have you been encouraged or strengthened to remain faithful?
3. Was James' request to Paul legalistic? When does accommodation to others work against the grace of the gospel?
4. What practices are easier and which are more difficult for you to give up when it comes to protecting a fellow Christian from stumbling?
