

## Questions for reflection: Luke 10:38-42

1. What does the order and practice of your daily life say about the value of prayer?
2. How do you approach Jesus in prayer? What is your normal practice? How do you / do you prepare for prayer?
3. What are some things that can press upon you as urgent, but are really not all that important?
4. Get together with someone this week for the express purpose of praying with them – even if only for a short time.
